

	Square number	Even number	Odd number	$< 12$
factor of 30				
multiple of 3				
multiple of 2				
$> 8$				

★ Draw this grid. Write the numbers 1 to 16 on small pieces of paper. Place the numbers on the grid so that they follow the rules.

★ Look at the shape, which is symmetrical. Given that  $a=4$  and  $b=8$ . What is the area of the shape?

★ The base of the triangle is 6cm and the vertical height is 5cm. What is the area?
